

Holtwick Industrial Park

© Wirtschaftsförderung Bocholt

The Bocholt-Holtwick industrial estate in the district of the same name to the north-west of the city centre is one of Bocholt's newest industrial locations. It is connected to the trunk road network via Dinxperloer Straße, Westring and Westfalenstraße, which makes it necessary to drive through the town. The junction to the A 3 is 14 km away.

The Holtwick business park is particularly suitable for small and medium-sized enterprises from the trades, mechanical engineering, food industry, health industry, knowledge-intensive services and resource efficiency sectors.

The regional plan provides for a potential area of around 16 ha in the west for possible expansions.

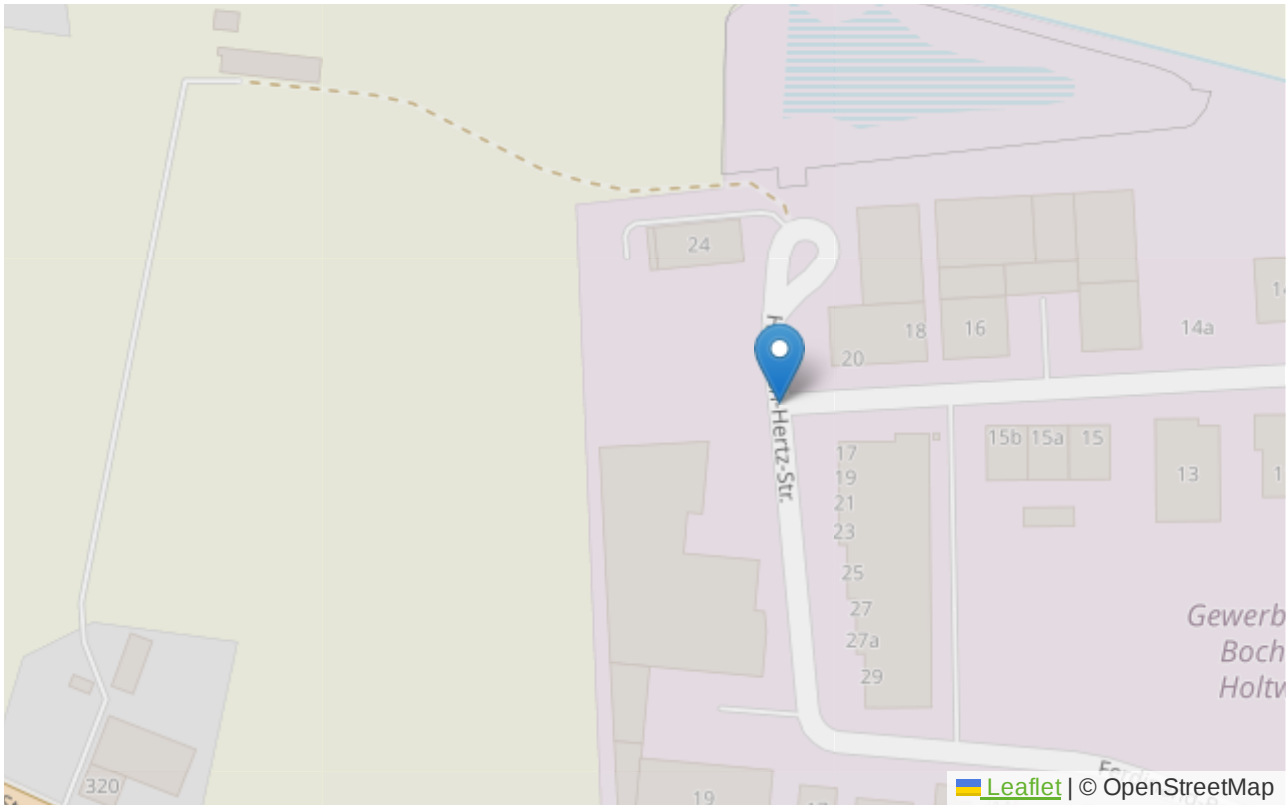

The most important facts about the business park at a glance:
