This Friday, the children of the music school will be premiering the musical "Im Riff geht's rund". The performances on Friday and Sunday are completely sold out - but there are still some tickets left for tomorrow's performance on Saturday.

Remaining tickets are still available for both the Saturday afternoon performance at 2.30 pm and the early Saturday evening performance at 5 pm. (As of 2.30 pm) [These can be purchased online at a price of 9 euros. \(Click here.\)](#) 

Tickets will be checked at the entrance to the Euregio Sports Hall on admission (from 30 minutes before the start). Every year, the music school's children's musical is prepared and rehearsed with great passion by children and teachers.

"Im Riff geht's rund" is a children's musical by Ulrike Weiler, Gerhard Weiler and Gerhard A. Meyer. Colourful parrotfish, sparkling glittering minnows, the funny puffer fish Elsi and many other sea creatures are preparing for the underwater casting show "Frutti di Mare" when "Flapo", the message in a bottle, is suddenly propelled and has something important to say.

The musical is a colourful adventure for children and young people aged 6 and over.
