City marketing

Flea market in Bocholt town centre on 2 September

Stroll, browse and rummage in the colourful hustle and bustle of Bocholt city centre

On Wednesday, 2 September 2026, another Krammarkt will take place in Bocholt town centre - the goods will be on display, as usual, at the well-known stalls, primarily on St.-Georg-Platz, the market in front of the historic town hall, on Nordstraße, Neustraße, Osterstraße and Neutorplatz. From 9.00 am to 6.30 pm, all visitors to the city centre are invited to wander and browse through the pedestrianised areas at the flea market.

The special diversity of the wide range of products is evident at every Krammarkt in Bocholt, as the traders bring along everyday items that you often don't find in this way or in this wide range in bricks-and-mortar shops. The colourful mix of textiles of all kinds, arts and crafts, gifts, household goods, cosmetics, cleaning products, polishes, spices and knick-knacks are what make the Krammarkt in Bocholt's city centre so popular.

Visitors appreciate the selection and ensure good footfall and a great atmosphere in Bocholt city centre on the Krammarkt days.

Culinary refreshment

If you like, you can fortify yourself at the specially set up snack stands and enjoy the delicious food on offer. A break in one of the cafés or restaurants is also a welcome alternative.

The next flea market will take place on 7 October.
