Duo ConBrio (saxophone & accordion) stands for passionate, energetic chamber music that transcends classical boundaries. The duo combines classical works with film music, tango and modern arrangements, creating an intense, cinematic concert experience.

The warm, expressive sound of the saxophone meets the orchestral diversity of the accordion - an unusual combination that delights audiences and organisers alike. Duo ConBrio sees the concert not as a formal setting, but as a lively musical event full of emotion, excitement and dynamism.

Duo ConBrio has already performed in prestigious venues such as the Berlin Philharmonie and the Elbphilharmonie Hamburg and has received numerous international awards. Recent successes include prizes at international competitions in Paris, Italy and Austria.

With their charismatic stage presence and clear artistic signature, Duo ConBrio appeals to both classical music lovers and a new, curious audience.
