EL POSTRE is an alternative crossover band from Kamp-Lintfort with German lyrics. Their songs are often socially critical and thought-provoking, but that doesn't mean that El Postre don't also use humour and a pinch of self-irony to keep listeners entertained. The sound serves several genres.

From rock, metal and punk to banging beats, almost everything is included. The men from the Lower Rhine have been making music for over 25 years and are still hungry.

Their current pre-release singles from the next album, which will be released on 3.10.25, are called "Wie im Film" , "Mitläufer" ,"Immer noch hungrig" and are available on all the usual portals.
