

Frank Telaar: NOT LAUGHING ISN'T THE ANSWER EITHER

LIVE & UP CLOSE IN THE FOYER

Free entry

The collection pot will be passed round

The name Frank Telaar might not mean anything to some people, but if we link it to 'city guide' and 'quack', then many will know who we're talking about.

What many people still don't know, however, is his passion for short, humorous stories.

His strength lies in his eye for everyday life and all the things that can happen there - whether it's travelling by bus, going shopping, mobile phones, or how he became 'Mister Pensioner Plus'. We'll explore his take on fairy tales together, as well as taking a look across the pond.

One thing is already certain: there'll be plenty to laugh about.

It's no coincidence that the title of his show for this evening is:

NOT LAUGHING ISN'T THE ANSWER EITHER
