After touring the USA, Canada, all of Europe and Russia, Jack McBannon released his new album "True Stories" in spring 2021, which was acclaimed by the international press.

He has been described in the international trade press as the perfect symbiosis of Springsteen, Tom Petty, Johnny Cash, Bob Dylan & Neil Young and has been hailed in Germany as the new country rock hope.

In early 2022, McBannon travelled to Tennessee to record his new album in Johnny Cash's legendary Cash Cabin Studio. He was able to win over Johnny's Grammy-winning son John Carter Cash as producer. Jack McBannon is a guarantee for a special and unforgettable concert experience. He is now bringing his new album to the stage for the first time on his "An Evening with Jack McBannon" tour in a unique solo acoustic format.
