

Sonilift open day

Experience mobility live!

Sonilift GmbH invites you to an **open day** at its new location at **Büssinghook 33 in 46395 Bocholt** on **Sunday, 21 June 2026**, from **13:00 to 18:00**. Under the motto "**Experience mobility live!**", visitors can look forward to a varied afternoon covering all aspects of mobility, accessibility and independent living.

The event will centre on the presentation of the new location. Interested parties will have the opportunity to familiarise themselves with the office space, showroom and storage areas and take a look behind the scenes of the Bocholt-based stairlift company. At **13:00**, the founders **Dennis Soblik** and **Mark Westerhoven** will welcome the guests in person. Guided tours of the warehouse and office will take place at **14:00** and **15:30**.

"We want to bring mobility to life and show what options are available today to give people more independence and safety in their everyday lives", explains Dennis Soblik. "The open day is deliberately not intended to be a classic sales event, but a relaxed day to try out, ask questions and get to know each other."

Visitors can test various mobility solutions directly on site. These include stairlifts for straight and curved stairs, e-wheelchairs and e-scooters as well as wheelchair-accessible vehicles. Partner company **Fellerhoff MED TEC** will also be on site and will be presenting the foldable **Volksrolli** electric wheelchair and the foldable **Volksflitzer** electric scooter, among other things. Wheelchair-accessible vehicles will also be on display together with partner **Activia**. In addition, together with partners such as the **AlexA** senior citizens' residence and the **Wohnfit** care service, various health checks are planned on site, including blood pressure measurements, for example. In addition, various info points will provide information on topics such as care insurance subsidies and other funding opportunities for stairlifts.

Families are also cordially invited. The supporting programme includes live music, a children's programme with a bouncy castle, face painting and a popcorn machine, a photo box and a wheel of fortune with attractive prizes.

Food and drink will also be provided: grilled sausages, coffee, cake and drinks will be available for a small fee. The proceeds will be donated to the "**Gemeinsamin Bocholt**" initiative.

Admission to the event is free. Registration is not required.
