

The HANDMADEDING

Your market for unique & lovingly handmade products (20.06 and 21.06)

SA - 20.06.2026 2pm-8pm

SO - 21.06.2026 11-18 o'clock

Be there on 20 & 21 June 2026 at the 3rd big Bocholt Handmade Market in the Aasee-Halle. Once again, over 80 vendors from all over NRW will be presenting and selling their handmade items. Of course, there will also be action for young and old and culinary delights to discover.

For example, there will be an open and interactive workshop; many creative minds working live on site to give you an insight into what they have to offer; sports and creative activities for the kids; workshops from various fields on site and, of course, once again some great organisations and projects for good causes that are worth supporting.

Handicrafts and home-made items have been back in fashion for some time now and are becoming increasingly popular. After our organiser Helly, together with Makerspace Bocholt, has already been involved in several events, start-ups and labels, it was now time to create something new with Handmadeding and offer a space for unique products, labels and artists.

We love diversity and sustainability, handmade products and new ideas. The 1st Handmadeding in June 2025 was the start of a colourful series of events. The next "Ding" followed in November 2025 and is now entering its third round. Two markets are planned each year.

Admission to the event is €4 for adults. Children under 14 years have free admission. Persons with severe disabilities are admitted free of charge upon presentation of an ID and can bring an accompanying person. Our event is barrier-free in all areas.
