VVK 10 Euro / AK 13 Euro

TheCaptain - Four Dutch musicians who make exciting, unconventional music based on blues roots. So far they have made seven albums, all of which have been very well received. The last album 'Don't Panic!' was released in October 2023.

They play almost exclusively original compositions, mostly in English, but sometimes also in German. The lyrics are mysterious, the vocals eerie and the music energetic, rootsy and swampy. The performances are rousing and driven. The band never fails to impress.

The EP "Free At Last" will be released soon and contains a number of brand new songs.

The musicians:

✂ Henk Waning - Vocals & Guitar

✂ Corine Nieuwenhuijzen - guitar & vocals ✂ Edmond Valentijn - drums & vocals ✂ Willem Molenaar - bass guitar and samples
