Dear citizens, dear guests,

As mayor of Bocholt, I am pleased about your interest in the internet pages of the city of Bocholt!

Nowadays, municipal websites are the digital "business card of a city" - a contact point for citizens, tourists and business people. It is not only the visual impression that counts, but also the content and the citizen service. Fast and comprehensible information is required. I will continue to work on this page with my staff in order to provide you with service and information.

I hope you enjoy "surfing" and would be pleased to welcome you again soon here on bocholt.de or personally in our beautiful city!

Your Thomas Kerkhoff
