- A varied and creative range of tasks in the field of material and woodworking
- An attractive income
- Working in a committed and open team

## – What do we expect from you?

- A secondary school leaving certificate
- Craftsmanship
- Creativity
- Diligence
- Ability to work in a team

## – What is the content of the training?

The three-year training takes place in the municipal carpentry workshop in Schaffeldstraße in Bocholt, with the vocational school training taking place at the Berufskolleg Bocholt-West.

### The 1st year of training includes:

- the overview of which types of wood there are and by which characteristics they are distinguished,
- the processing of wood with different tools,
- the production of wooden joints and the fitting of fittings, and
- the production of plastic joints by welding and gluing.

### **The 2nd year of training includes**

- the cutting of wood and wood-based materials to the correct size,
- the operation and set-up of program-controlled machines,
- the manufacture of frames, racks and mouldings, and
- the finishing of surfaces using different materials

### **The 3rd year of training includes**

- the production of gauges and jigs for assembly,
- repairing damage,
- carrying out disassembly work and
- the implementation of quality assurance measures

## **Where can you work after the training?**

After completing vocational training, there are employment opportunities:

- in carpentry and furniture construction,
- in boat or glider construction and
- in trade fair construction or in furniture stores

**We will be happy to answer any further questions**
