— The content of the training is as follows

The three-year training takes place in the municipal carpentry workshop in Schaffeldstraße in Bocholt, with the vocational school training taking place at the Berufskolleg Bocholt-West.

The 1st year of training includes:

- the overview of which types of wood there are and by which characteristics they are distinguished,
- the processing of wood with different tools,
- the production of wooden joints and the fitting of fittings, and
- the production of plastic joints by welding and gluing.

The 2nd year of training includes

- the cutting of wood and wood-based materials to the correct size,
- operating and setting up program-controlled machines
- the manufacture of frames, racks and mouldings, and
- the finishing of surfaces using different materials

The 3rd year of training includes

- the production of gauges and jigs for assembly
- repairing damage,
- carrying out disassembly work and
- the implementation of quality assurance measures

Here you can work after the training

After completing vocational training, there are a wide variety of employment opportunities, e.g:

- in joinery and furniture making,
- in boat or glider construction or
- in trade fair construction or in furniture stores

I will be happy to answer any further questions
