

Business development

Strong economy, strong city

© R. Vogel

Strong economy, strong city brand: Karsten Tersteegen, Ludger Dieckhues (Managing Director) and Astrid Lukas (from left to right) are committed to this.

The Bocholt Economic Development Agency is the first point of contact for all Bocholt-based companies and start-ups as well as those interested in settling here and investors.

As a moderator and guide between business and administration, we support your interests and concerns as entrepreneurs.

From business start-ups to company expansion, we offer you information and support from a single source, e.g:

- Information and advice on setting up a business
- Advice centre for applying for subsidies
- Procurement of municipal commercial and industrial properties
- Networks for getting to know other entrepreneurs
- Support and mediation in various types of conflict

We advise, support and network - please contact us!
