

## **Shaft structures**

### **This is what you have to bear in mind**

You would like to build a shaft structure (cellar light shaft, "beer hatch") in the public street space of the city of Bocholt or need to replace/refurbish an existing cellar light shaft or other?

The costs incurred for the construction project (administration, user fees and production costs) are to be borne by the applicant.

### **Processing time**

The processing time for the construction measure to be applied for is **about six weeks**. A site visit with a member of staff from the "Mobility and Environment" department must be arranged for each construction project.

### **Any questions?**

Then please contact us at the following e-mail address:
