

# **Sustainable commercial space development**

**Environmental and climate protection** has a high priority in Bocholt - also in industrial estates.

**BOCHOLT**

## Teil B Leitlinie für eine nachhaltige Gewerbeflächenentwicklung

### 1. Fortschreibung

© Stadt Bocholt

That is why commercial sites in Bocholt are developed sustainably. This means that when allocating commercial sites to companies, we focus on

- **economic**
- **social**
- **ecological**

concerns are taken into account.

Companies that observe or fulfil sustainable criteria earn extra points when they are awarded commercial space.
