### Animal & LOUD Band

"Someday Live" is the name of the latest work by the Tier & LAUTE Band. It was recorded on 31.10`21 at the Rockbühne's Halloween party and has been released on CD in 2022. (MUSIVERSUM) The EP Rock`n`Roll, Suicide and Fiderallala was released just 3 months before. (MUSIVERSUM)

Finally the band is back on the boards of the nation. In the past months, gigs were constantly postponed for well-known reasons... Now it shall finally work again.

The TierBand has been around since 1994. Many well-known musician colleagues have accompanied and supported the rock songwriter Tier (Marco T.L. Schoofs) since then.

Power songs like "der Mensch macht die Maschine", "Obolus", "Fiderallala" "like your lies" are popular and cult. Emotional ballads such as "es stinkt mir", "mich verlier`", "ich vermiß`dich" are guarantees for a varied rock party evening.

Guitarist Sascha Theunissen has been a permanent member of the LAUTEn Band since 2006, drummer Simon Glenk since 2017, bass player Norbert Meyer is a brand new member...

Tier & LAUTE Band are looking forward to rocking the Molke in Bocholt again. They will be supported by the band SMOT from Krefeld.

### SMOT

The band " SMOT " is all about their motto Smot - it out loud!

The four-piece band quickly developed their own style with punky-melodic vocals, effect-deep beats 'n' sounds and gallantly stamp the whole thing as "Salon Punk" !

No Ballad! So the music goes massively forward and inevitably casts its spell.

SMOT Vibes make legs quiver and ears glow.

"Kiss me Kiss me Kiss me", " Bloodboygirl" and "Dead Man" make you crazy and want to escalate!

Let yourself be mesmerised...
