The unique art market known as "City Art" will take place again this year in Bocholt's city centre. More than 60 artists will exhibit their works in Neustraße and on Neutorplatz. The artists come not only from Bocholt, but from all over NRW, the Netherlands and the Ukraine.

The market offers a colourful variety of offers and live presentations. In addition to all the art you can admire and, of course, buy, the day will be accompanied by live music. So how about a coffee with a special flair?

The art market takes place as part of the Bocholt Culture Days 2023, so why not visit the city centre on 20 August, it's worth it!
