Smoking Wolf' presents CD: 'Here Comes Trouble'. You can't get more passionate than this.

Blues riffs, pushing drums, grating iron voice and classic road movie motifs - Smoking Wolf from Duisburg doesn't need much more as packaging for his stories. "Here Comes Trouble" is the name of the debut album of the trio around Wolfgang Döhr, who has already been on stage with Johnny Logan and Bobby Kimball. The finished work is an "affair of the heart" for him, combining "modern blues, boogie, biker rock and earthy southern grooves". He thus delivers a successful range from unserious rock songs to soulful blues ballads.

His stories tell of life, of his, but also of others. The blues musician from Duisburg is no longer an insider tip. As a sideman of established artists such as Johnny Logan, Bobby Kimball and Matthias Reim, he has demonstrated his skills both live and in the studio. SMOKING WOLF acts beyond known banalities - his playing is fascinating and relaxed. The band simply grooves massively forward. An explosive mixture of remarkable original material is mixed with standards by ZZ Top, Hermann Brood or Rory Gallagher. Whether at open-air festivals, in large or small halls, in clubs or at private concerts, SMOKING WOLF always shows the whole breadth of blues and boogie with great emotionality. An unforgettable evening is guaranteed.

Blues rock, boogie and earthy southern grooves at their best!
