

Exhibition opening with Juliia Handziuk

Ukrainian artist sells her works and donates the proceeds to victims of the war in Ukraine

The young Ukrainian artist Juliia Handziuk is exhibiting her unique works in the customer hall of Stadtparkasse Bocholt, Neutorplatz 1, from 8 - 20 April 2024. The artworks can already be purchased during the exhibition opening on 8 April at 5 pm. Bocholt art dealer H. Göring is organising both the exhibition and the sale of the paintings. The proceeds will go to the Ukrainian victims of the Russian war of aggression.

Juliia Handziuk has been drawing and painting since her childhood and was encouraged and supported by her grandfather in her home country. The life and culture of Ukraine are reflected in her works. Since fleeing to Germany almost two years ago, painting and drawing have become an even more important part of her life.
