The winners of the Pro7 show "My Hit. Your Song." 2019 are "on tour"!

Three-part vocals, driving guitars, pulsating drums and multi-faceted electric guitars and accordion interludes. Songs between heartbreaking ballad and rousing folkpop, anthems, favourite songs.

Within a very short time JOHN GARNER have developed from a small acoustic project to one of the most convincing live bands in the country. With irrepressible joy of playing and live energy, the Augsburg trio tells honest stories taken from life, touches, takes you on a journey.

Presented by ByOn.

JOHN GARNER has existed as a trio since September 2016. Initially, frontman Stefan Krause toured Germany alone under this name. In 2009, he was named "Germany's best rock singer" by the German Rock & Pop Association. A little later Chris Sauer joined with second guitar and mandolin, the two find their own sound and start touring together. Lisa Seifert, with her incredible voice, has been part of this likeable ensemble since 2016 and not only improves the female quota, but since then makes three-part singing possible, the Garners' flagship.
