Billy Preston, Stevie Wonder, Jackie Wilson or Ray Charles,

the 12 experienced musicians of the Mälka are, thanks to their many years of stage experience, perfectly attuned to transport the feeling and spirit of the music of that time. The line-up with a complete brass section and polyphonic vocals offers a voluminous sound spectrum that knows how to carry away. A Tribute to Motown classics stands not least for the pure joy of playing and, in the original sense, for handmade, honest music!
