Get lost + Creme fraiche +Jahm!

"JAHM! sound like international stadium rock, leather wristband and ripped jeans!" is how the scene magazine "Coolibri" summed it up. The indie rock band from Unna has already released three albums since its founding in 2010 and has well over 200 concerts under its belt. Musically, JAHM! have been inspired by bands like "U2" or the "Kings of Leon" without losing their own contours. Driving rocky-pop uptempo numbers are complemented by cool ballads and show the band's entire range. The songs of JAHM! move immediately and without diversions from the ears directly into the legs of the listeners. Crisp, fresh indie rock pop with catchy tunes and goosebump moments!

But JAHM! also stands for an authentic live performance that is finding more and more fans. The live performances are especially important to them, so they decided to bring Lucas Nocker into the band as a 2nd guitarist in 2019, who will bring the band's sound further forward and provide even more power. JAHM! are: Aljoscha Szameitat - Guitar, Andreas Müller - Vocals, Hendrik Fahrenhorst - Drums, Patrick Kohler - Bass and Lucas Nocker - 2nd Guitar.

Get Lost - acoustic sounds with Michael Angenendt & Jochen Küper
