## Krammarkt in the city centre of Bocholt on 10 June

### Stroll, browse and rummage in the colourful hustle and bustle of Bocholt city centre

On Wednesday, 10 June 2026, another Krammarkt will take place in Bocholt's city centre - the goods will be presented in the usual way and at the familiar stalls on St.-Georg-Platz, the market in front of the historic town hall, on Nordstraße, on Neustraße, on Osterstraße and on Neutorplatz. From 9.00 a.m. to 6.30 p.m., all visitors to the city centre are invited to stroll and browse through the pedestrian areas of the Krammarkt.

The special diversity of the wide range of products is evident at every Krammarkt in Bocholt, as the traders bring along everyday items that you often don't find in this way or in this wide range in bricks-and-mortar shops. The colourful mix of textiles of all kinds, arts and crafts, gifts, household goods, cosmetics, cleaning products, polishes, spices and knick-knacks are what make the Krammarkt in Bocholt's city centre so popular.

Visitors appreciate the selection and ensure good footfall and a great atmosphere in Bocholt city centre on the Krammarkt days.

### Culinary refreshment

If you like, you can fortify yourself at the specially set up snack stands and enjoy the delicious food on offer. A break in one of the cafés or restaurants is also a welcome alternative.

**The next Krammarkt will take place on 1 July.**
