

Hikes

At the **Bocholt Hiking Day**, you will experience a cross-border hiking experience in combination with the extraordinary castle ambience of the Diepenbrock moated castle in the rural Bocholt district of Barlo.

We walk without a competitive character in a relaxed and peaceful natural setting.

At **Bocholt hikes** you can choose between three different routes.

As a special highlight, the longest distance of 25 km crosses the border into our neighbouring Netherlands.

On the 8 km family hike, little hikers can go on a treasure hunt with the Bocholt beech goblin Bokeltje and look forward to a little treasure at the end.

You can register directly [HERE](#).

By the way, children up to the age of 12 (inclusive) can hike all three routes at a reduced price of €5.00.
