

Breakdancing

WHERE IS THE RIDE?

BERLINER PLATZ

The fairground classic

'Break Dance' by Bruch is pure fairground thrills: spinning gondolas, rapid changes of direction, music and lighting effects ensure a brisk pace and plenty of fun. Sixteen gondolas, each seating two people, spin on a large, gently sloping turntable. Thanks to the interplay between the turntable, the gondola crossbars and the freely rotating gondolas, no two rides are quite the same. The ride can accommodate up to 32 passengers per round.
