

Star Trek

Where is the ride located?

Location: Market square

Heading

© Stadtmarketing Bocholt

Equipped with 14 self-steering space gliders, Star Trek from showman Krenz is the largest carousel of its kind. Children can independently steer the gondolas up to a height of 6 metres. The unique design with science fiction themes from space travel and film stimulates children's imaginations and has long made Star Trek one of the most popular children's rides.

Bocholt funfair in figures

- approx. 500,000 visitors annually
- over 300 showmen and showwomen
- 3.5 kilometres of walkways
