Change: children's passports will be cancelled from 2024

New legal regulation // Further information on special page

New regulation for families: From 1 January 2024, **children's passports will no longer be issued** or extended. The background to this is a change in the law by the German government to improve the security of identity documents.

Parents who need an ID document for their child can apply for an [ID card](#) or [passport](#) instead.

All information on this can be found at www.bocholt.de/kinderreisepass
