

19. December 2023

Children and youth

Overview: Holiday games will be offered here in 2024

Playing and romping around on holiday? Parents can find all the offers on our website.

Bocholt - The brochure "[Ferienspiele und Ferienfreizeiten 2024](#)" from the city of Bocholt is now also available to all interested children, young people and parents in Bocholt for the year 2024. The brochure provides information on the activities on offer during the Easter, summer, autumn and Christmas holidays in the coming year.

The brochure contains a wide range of sporting, adventurous and creative holiday activities as well as holiday options that will be offered during all school holidays in 2024. All interested children and young people have the opportunity to spend an exciting holiday time with their peers.

The brochure offers parents a compact overview of the existing childcare options during the school holidays. To ensure that parents can secure a childcare place for their child during the holidays in good time, registrations can be made with all providers of reliable all-day childcare from 15.01.2024 at the latest.

During the summer holidays this year, the costs of the reliable holiday play offers for holders of the Münsterland Card will once again be covered by the city of Bocholt from youth development funds. Further information on this and the education and participation package can be found in the brochure itself.

If you would prefer to have [our brochure](#) in printed form, you can obtain it from the Department of Youth, Family, Schools and Sport in the administrative branch at Kaiser-Wilhelm-Straße 77 (Youth Welfare Office) or in the main administrative office at Kaiser-Wilhelm-Straße 52 - 58 (Gigaset).
