Bocholt. Once again, during the 2026/2027 winter season, the popular **ski gondolas in the winter village on St.-Georg-Platz** invite visitors to enjoy a special experience in an atmospheric setting. A total of seven cosily furnished

and heated ski gondolas are available to visitors for convivial moments during the festive season.

Each gondola can accommodate up to six people and can be booked for **2.5-hour** slots from **27 November 2026** onwards. Booking slots are available daily at **2.00 pm** and **5.00 pm**. From **Thursday to Saturday**, an additional evening slot is available from **8.00 pm to 10.30 pm**.

During their stay, guests will be served drinks directly in the gondolas. Food can be conveniently purchased from the stalls at the Christmas market and then eaten in the gondolas. This allows visitors to enjoy the Christmas market's diverse culinary offerings in a particularly cosy setting.

The ski gondolas will remain in place on St. Georg's Square until **10 January 2027**. The gondolas will be closed on 24, 25, 26 and 31 December 2026, and on 1 January 2027.

Bookings can now be made online at **bocholt.de/gondeln**.
