New live music series in the Ravardi neighbourhood in Bocholt

Summer evenings full of sound and atmosphere

This year, the Ravardiviertel will be the stage for a new musical highlight: **from April to September**, a new live music series invites visitors to enjoy the evening in a special atmosphere.

On every second Thursday of the month - with one exception in May (when the event takes place on the third Thursday) - bands will provide the best entertainment in the popular pub street from **7 pm to 10 pm**. Whether after work or after a visit to the evening market, the series of events offers the perfect opportunity to end the day in a relaxed atmosphere with good music.

The new format was initiated jointly by the committed pub owners of the Ravardi neighbourhood and Bocholt City Marketing. The aim is to further strengthen the attractiveness of the city centre and at the same time create a regular cultural offering for locals and guests.

"We look forward to experiencing a special musical atmosphere together with visitors and to making the Ravardiviertel even livelier during the summer months", says City Marketing Managing Director Ludger Dieckhues.
