Successful Bocholt City Run

4,900 happy runners at the 22nd Bocholt City Run

Those were two real hammers. Malte Stockhausen in the 5-event and Esther Jacobitz in the 10-event provided the highlights of the 22nd edition of the Bocholt City Run with their course records. In addition to Hendrik Pfeiffer's clear victory in the 10er, Boston-conditioned over 30 minutes, the schoolchildren's runs also provided enthusiasm. Everything was just right on this day. "I have never experienced such an atmosphere in these narrow streets anywhere in Germany," said Esther Jacobitz, Pfeiffer's partner, who was competing in Bocholt for the first time.
