Disposal company

Additional green waste collection in March and on 1 April

Every Saturday in March // Additionally on 1 April // Please note

The waste disposal and service company (ESB) will again set up a green waste collection point on every Saturday in March, as well as on 1 April, at the "Unter den Eichen" car park. Between 8:30 and 11:30 a.m., a vehicle will be available for green waste such as hedge and tree cuttings.

In order for the collection to run smoothly, the following instructions must be observed:

- The green waste must be unloaded yourself.
- Only a maximum quantity of 2 cbm will be accepted.
- Tree trunks, tree roots, branches with a diameter of more than 10 cm, topsoil, grass ploughs and lawn cuttings are not accepted.

If citizens have any further questions, they can contact the waste advisory service on telephone: 24 63 24.
