Arno Opitz with the ESB for 25 years

Arno Opitz from Bocholt celebrates 25 years of service at Entsorgungs- und Servicebetrieb Bocholt (ESB) on 1 March.

Born in Isselburg in 1973, Opitz is a trained gardener and began his professional career in 1998 at the ESB in the green space maintenance department. He is now a foreman there and, together with his colleagues, focuses on the maintenance and replanting of the green spaces in the Lowick and Stenern area. As a team player, he is highly respected among his colleagues. The family man also likes to spend his free time in the great outdoors, for example as a hunter, accompanied by his dogs.
