## **ESB Children's Flea Market: Registration next week**

### **Stall holders can register by phone on 9 May // 17th children's flea market on 4 June**

**On Sunday, 4 June, there will again be the popular children's flea market on the grounds of the Entsorgungs- und Servicebetrieb Bocholt (ESB). Anyone who would like to offer a stall there can register by telephone next Tuesday, 9 May.**

For the seventeenth time, the big children's flea market will take place on the grounds of the Entsorgungs- und Servicebetrieb (ESB) at Schaffeldstraße 74. On Sunday, 4 June, there will once again be plenty of time for loafing. If you would like to participate, the registration deadline is Tuesday, 9 May. Registration is accepted under the telephone numbers (0 28 71) 2463-24 or (0 28 71) 2463-23.

Both phones are manned from 8 a.m. onwards, says Karin Kalka-Freundt from the ESB waste advisory service. There is only limited availability of parking spaces and they always fill up quickly. Kalka-Freundt recommends a little patience when calling, as the lines sometimes "run hot" in the morning.

### **No stand fees**

In the spirit of recycling, people can dawdle around on 4 June from 2 to 5 pm. Everything on the subject of children will be on offer, such as children's games, children's clothes, children's books and children's toys. Children can offer their items themselves or have their parents help them. There is no stall fee. The waste advisory service will also provide one table and two chairs per family free of charge.

### **Additional colourful supporting programme for all**

Visitors to the flea market can also take a close-up look at a rubbish truck in the afternoon and ask any questions they may have about rubbish collection. Refreshments in the form of coffee, cake and cold drinks will be provided by the cafeteria of the Kinderschutzbund. The proceeds from the sale will be used for the association's charitable work. In the entrance area to the flea market, there is also an information stand of the waste advisory service and a supervised children's craft corner.
