Fair Monday: Rubbish collection postponed by one day

No collection on 19 October // all dates are available in the ESB Waste App

Due to the fair on Monday 19 October, there will be changes to the rubbish collection schedule in Bocholt. No bins will be emptied on that day; collection will take place one day later than usual. This has been announced by the Bocholt Waste Management and Services Company (ESB).

The scheme applies to all organic waste bins within the city limits. For paper bins, this affects collection rounds K to O; for yellow bins, it affects rounds A/V to E. The ESB asks residents to put out their rubbish bins and yellow bins by 6 am at the latest on the relevant collection day.

All collection dates are also available digitally and on mobile devices via the ESB's waste management app. From there, the dates can also be transferred directly to your own digital calendar.
