Large children's flea market at the ESB

Sunday, June 19, 2-5 p.m. at recycling center

For this year's children's flea market, the waste consulting service of the Entsorgungs- und Servicebetrieb Bocholt (ESB) invites you to the recycling center and the adjacent ESB grounds (Schaffeldstraße 74) on Sunday, June 19. Well-preserved children's items will be sold at over 100 booths from 2-5 p.m.

Wide range of children's articles

Dolls, books, games, children's clothing, Lego and Playmobil: "Once again, there will be a colorful range of products for children," says organizer Karin Kalka-Freundt of the ESB. All families who have registered for a stand have now been contacted and have been given a stand number. The space is completely booked, reports Kalka-Freundt.

Attractive supporting program

On the small and large visitors and visitors of the child flea market on Sunday afternoon besides an attractive master program waits. At the information stand of the waste advisory service, which can be found in the entrance area of the recycling center, this year children can colorfully design natural-colored fabric bags, which have been printed with a "hidden object picture" about waste collection, with fabric paint according to their wishes and take them home. At the back of the site, there will be a garbage truck demonstration where an ESB employee will answer questions about garbage collection and children can fulfill their dream of climbing into a real garbage truck one day.

To round off the program, the Kinderschutzbund Bocholt will be offering a cafeteria. In addition to coffee and cake, cold drinks and freshly baked waffles will be available there.
