Waste disposal: Stick on new fee stickers now

Required for organic and residual waste bins

The Entsorgungs- und Servicebetrieb Bocholt (ESB) reminds you that the current fee stickers must be affixed to all organic and residual waste bins.

At the beginning of the year, the ESB sent out fee stickers for residual and organic waste bins to all property owners with the property tax notice. Those who have not yet affixed the current stickers to their bins should do so now, says the ESB. From now on, ESB employees will check whether stickers have been affixed to the bins.

The stickers are used to check the current stock of waste containers. The stickers must be affixed to the lid of the bin. To ensure that they stick well, the lid should be clean and dry. Tenants who notice that the waste bins do not have the new stickers should contact the owner to ensure that they are disposed of.

No fees are charged for the paper bins and the yellow bins and therefore there are no stickers for these bins.

If you have any questions, please contact the ESB at 02871 2463 12 or by e-mail at [info\(at\)esb.bocholt\(dot\)de](mailto:info(at)esb.bocholt(dot)de). Further information on this topic can be found at www.bocholt.de/ersatzplakettenausgabe.
