Film screening "C'è ancora domani - Tomorrow is another day" cancelled

VHS film screening on 30 October cancelled // German cinema version available at the Kinodrom // Tickets available there

Bocholt - The film screening "C'è ancora domani - Morgen ist auch noch ein Tag" planned for Thursday, 30 October 2025 at the Bocholt Media Centre unfortunately has to be cancelled for organisational reasons.

The film evening was part of the VHS programme and was scheduled to take place at 7 pm in the media centre. The tragicomedy from Italy, which was named the most successful film of the year in 2023, tells the moving story of a mother in post-war Rome.

However, film fans can still experience the multi-award-winning film in Bocholt: The Kinodrom will be showing the German version of "Tomorrow is another day" on 25 November as part of the "The Special Film" series. More information about the screening date and tickets can be found on the cinema's website at www.kinodrom.de.
