VHS Lecture on Chronic "Procrastinationitis"

Thursday, February 10, from 7 p.m. at the Media Center Bocholt

On Thursday, February 10, 2022, Susanne Woldering will speak at 7 p.m. in the Media Center on the topic of "procrastination," better known in the vernacular as "procrastinationitis." Admission is 8 euros at the box office. At the admission a 2G proof is to be furnished. Registrations at www.vhs-bocholt.de.

Tax returns, papers, presentations, exam preparations, tidying up - everything can be put off just fine... Susanne Woldering is a consultant, future psychologist and training coordinator in the district of Borken. She looks at the topic from a sociological and psychological point of view, explains causes and directs the view to helpful strategies and solutions and in particular to how it can succeed to come to terms with the "inner pig dog".

Further information on the event is available from the VHS office in Bocholt and the Rhede and Isselburg branches.
