VHS offers educational week for Dutch

Additional offer in the first week of May

At work, in private life or in everyday situations, Dutch is a language in demand in the border region with the Netherlands. Due to high demand, there is an additional week of educational leave in Dutch starting Monday, May 2 from 9 am to 4 pm.

The native speaker instructor duo Marita Eller-Groeneschild and Marianne Navis lead the learning group with no prior knowledge of Dutch through a varied week. The course deals with the learning of the Dutch language, also and especially around the most important everyday situations.

Taking into account the current Corona rules, the group will learn the language together and in a practical way. The number of participants is limited to 12. The course can be credited as educational leave for some professional groups, which means that in individual cases participants will receive additional leave for this week.

More information, including registration, is available at the VHS office in Bocholt, Stenerner Weg 14a, the Rhede and Isselburg branches, or [via the Internet](#) .
