Borken district launches solar campaign with free information events

Exciting online lectures // Advice on solar systems

The district of Borken has launched a solar campaign from which Bocholt citizens could also benefit. Between June and September there will be exciting lectures on various topics.

Free online lectures on various topics are offered:

- **Monday, 5 June:** Lecture "Photovoltaics for single and terraced houses".
- **Monday, 3 July:** Lecture "PV for rental and multi-family houses/WEG".
- **Monday, 7 August:** Lecture "Over 20 PV systems"
- **Thursday, 21 September:** Lecture "Subsidies for energy-efficient renovation" / Balcony power plants
- **Monday, 25 September:** PV for rental and apartment buildings/WEG
- **Wednesday, 27 September:** PV for single and terraced houses

Further information is available on the [district's website](#).

Registration for the lectures is [possible via the website of the Solarenergie Förderverein Deutschland](#).
