The city of Bocholt subsidizes special bikes

In 2023, the city of Bocholt will again subsidize bicycles for people with handicaps or assistance needs.

Under certain conditions, the city of Bocholt supports the purchase of a special bike with 30% of the purchase amount. The application can be made digitally and uncomplicated. As a bicycle city, Bocholt should offer the possibility for all citizens to get around by bicycle.

Prerequisites for this are a first residence in Bocholt and a severely disabled person's ID. The special bike must be a tricycle or a bike for transporting another person with a handicap. The amount of support is a one-time 30% of the purchase amount, but not more than 2500 euros. To be on the road by bicycle should be made possible for as many people as possible in the bicycle city Bocholt. Applications can be made digitally directly via the website of the city of Bocholt at www.bocholt.de.

The application form can also be sent by email. Interested parties should contact the Bocholt environmental officer, Angela Theurich, [angela.theurich\(at\)bocholt\(dot\)de](mailto:angela.theurich(at)bocholt(dot)de).
