Integration Council

Integration: Consultation hours and international café at the Fabi

Monday, 20 March 2023 6-8 p.m. // Regular offer for intercultural exchange // Registration not required

On Monday, 20 March 2023, the next consultation hour of the Integration Council will take place in the Family Education Centre as part of the "International Café". Two members of the board of the Bocholt Integration Council will be available on site from 6 p.m. to 8 p.m. for intercultural exchange, but also for specific questions.

"The Fabi's offer with the 'International Café' is aimed at all people who are interested in an intercultural exchange," reports Ulrik Störzer from the family education centre. "The focus of these meetings is on topics that affect the everyday life of people with international family histories in our city."

"Direct, personal contact is particularly important to us," emphasise Juan Lopez Casanava, chairman of the integration council of the city of Bocholt, and Bruno Wansing, integration officer of the city of Bocholt. The low-threshold offer is intended to create the opportunity to talk to each other, to learn from each other, and thus to enable mutual integration.

It is not necessary to register for the consultation hours.
