Integration Council

## Integration: Consultation hours and International Café in Bocholt

### Regular offer for intercultural exchange // Next date Monday, November 21, 6-8 p.m. // Registration not required

On Monday, November 21, 2022, the next consultation hour of the Integration Council will take place at the Family Education Center as part of the "International Café". Two members of the board of the Bocholt Integration Council will be available on site for intercultural exchange, but also for specific questions, from 6 to 8 pm.

"The Fabi's offer of an 'International Café' is aimed at all people interested in intercultural exchange," reports Ulrik Störzer from the family education center. "The focus of these meetings is on topics that affect the everyday lives of people with international family histories in our city."

"Direct, personal contact is particularly important to us," emphasize Juan Lopez Casanova, Chairman of the Integration Council of the City of Bocholt, and Bruno Wansing, Integration Officer of the City of Bocholt. The low-threshold offer is intended to create the opportunity to learn from each other in order to enable mutual integration.

Registration is not required.
