Music school

Trial dates at the music school Bocholt-Isselburg: "See - Hear - Try out compact".

Book personal appointment now and get to know different instruments // Start from January 22, 2022

Beginning on January 22, 2022, the Bocholt-Isselburg Music School will be offering taster sessions at various locations on five consecutive Saturdays, each from 11 a.m. - 4 p.m. Under the motto "See - Hear - Try compact", children, young people and adults can get to know the diverse range of the music school.

Due to the corona pandemic, this year the traditional campaign of the Music School Bocholt-Isselburg "See - Hear - Try" is only possible with prior registration. Unlike in previous years, the instruments to be learned at the music school will not be presented on the open day, but on five Saturdays in a row after booking an appointment in advance. This ensures that only a limited number of people are in the buildings at any one time.

Visitors can get to know brass instruments (trumpet, trombone, baritone, tuba and horn), woodwind instruments (clarinet, oboe, recorder, flute, saxophone, bassoon), keyboard instruments (piano, accordion and keyboard), guitar (acoustic and electric), string instruments (violin, viola, cello, double bass) and also percussion.

Through the booking portal "[Eveeno.com](https://eveeno.com)", interested parties can now book a 20-minute time slot per instrument for themselves or their child between 11 am and 4 pm. Each "taster person" may bring a maximum of two accompanying persons. In a taster session, those interested have the opportunity to try out individual instruments with a maximum of one other "taster person", while observing hygiene measures. Teachers of the respective subjects will be available on site to answer questions.

"This year, we have decided to present the instruments again in presence and not digitally, under strict observance of hygiene conditions," explains Music School Director Claudia Borgers. However, a large open house with a stage program and cafeteria is currently not possible, says Borgers. Instead, there would be short taster appointments, so that nevertheless all music-loving children and also adults have the possibility of finding their desired instrument. "We are accepting registrations for the new school year starting April 1, 2022, as of now and during the taster appointments," Borgers says.
