Paving work on Lönstraße: entrance closed from 9 June

Cycle traffic is diverted via Kochenheimstraße

Due to upcoming paving work on behalf of the Bocholt waste disposal and service company (ESB), the entrance to Lönstraße will be closed from 9 June 2026.

This affects the turning into Lönstraße from Uhlandstraße. A diversion will be set up for cycle traffic via Kochenheimstraße, while no separate diversion route will be signposted for motor vehicles. Leaving Lönstraße in the direction of the junction remains unaffected by the regulation.
