Christian Schneiders 25 years in public service

Anniversary on 1 April // With the City Guard since 2002

Christian Schneiders has been in public service for a total of 25 years. Of these, 21 years have been with the municipal police of the city of Bocholt. Since the very first day, he has performed his duties here at eye level with the citizens - and thus contributes a great deal to the public's sense of security.

On his patrol duty, Mr Schneiders is always a reliable and level-headed contact person for citizens. He shows presence, among other things, on patrols between the city centre, schoolyards, Alemannenpark and the Aasee.
