Sport: All grass pitches in Bocholt closed

Due to the current weather conditions, all grass pitches in the city area are currently unplayable and therefore closed today, Friday 31 March 2023.

This decision was made by the municipal sports ground control of the ESB after checking the condition of the grounds on Friday morning. Whether closures will also be necessary at the weekend will only be decided after checking the pitch conditions on Saturday and Sunday morning.

The artificial turf and the open-air pitches are not affected by the closures.

*The municipal grass pitches are closed due to the weather, the city of Bocholt informs.
