Sports: All grass pitches in Bocholt still closed

The closure of the grass sports fields in the city area continues: Due to the wet weather, all grass pitches are still unplayable and closed today, Thursday, 03.08.2023.

"The persistent rainfall does not allow for any other decision," said the responsible staff of the ESB municipal sports ground control after checking the conditions of the pitches on Thursday morning.

The artificial turf and clay pitches are still not affected by the closure.

*The municipal grass pitches are closed due to the weather, the city of Bocholt informs.
